Ryan fernando	ryanfernando@gmail.com	We would love to see this implemented on industry-side
Dineth Sanjana	dinethsanju519@gmail.com	This concept is very interest and we learned lot of things.
Dini biki Karindya	dini_biki@gmail.com	Actually this concept is very potential for the industrial and medical fields.
P. Akshayalini	akshayalinisa@gmail.com	We learned a new thing about Electro cardiac system. I hope it is useful.
P. Dishushalini	dishushalini6@gmail.com	We could learn new things about the ECG & health care system
Akduallah		Very Good Idea Continue this
Ihsan		this is a different project
Akmy SADFIK		this is good.
M. A. F. Itasna	ansnagadham@gmail.com 0764303909	This is a different project. Thanks for Explain
B.R.B.C Basuka Bakma	basiluliyanage000@gmail.com edeniyo	Different way of thinking. Thanks for your explanation... (S.C.C.)
		Explain clearly. Thank you for the information. This project is useful for future generation
		This is a amazing empirical about in real world
		This is a good work.

This idea useful in future inventions

Savani Yasami

Senoli.dissanayake1008@gmail.com

Good idea! Thank you!

Amodya Pathnayaka

amodya.rathnayake118@gmail.com

Creative idea. Thank you! ☺

Re Prithika

It's a creative idea with less components. I think it's really good when it's developed more. That we use for medical field.

Ji Rukshanthy
